Short Description:

Interactive stories of heroes who face obstacles in their environment and in themselves. The audience sees how they overcame them and ultimately see how the hero learns to serve.

Long Description:

According to Joseph Campbell the hero's journey is:

"A hero ventures forth from the world of common day into a region of supernatural wonder: fabulous forces are there encountered and a decisive victory is won: the hero comes back from this mysterious adventure with the power to bestow boons on his fellow man"

The audience will have a front row seat on the hero's journey as they witness the obstacles the hero encounters and how the hero overcomes those obstacles. Many different stories use the hero's journey motif from Disney stories to Lord of the Rings. Through each stage of the hero's journey an adventure lies!
